

## Cash Management Solution from Triton

CashTrans is pleased to introduce a low cost, highly efficient solution for cash-intensive businesses called **VersaSafe™** from Triton.

**VersaSafe™** is an intelligent high-tech vault deposit system to track, store and balance multiple cash sales.

Retailers would rather spend less time counting money and more time on the sales floor. CashTrans can help them automate the cash trail and increase productivity with the **VersaSafe™**. They can quickly and accurately secure cash and dramatically reduce both internal and external theft, while optimizing armored car carrier visits.

The **VersaSafe™** can pay for itself quickly through these efficiencies and also via provisional credit. With provisional credit, once deposits are made into the smart safe, data is transmitted to the financial institution or armored car carrier. At that point provisional credit is extended while the funds are still physically at the retailer, allowing much quicker access to the funds.

***“It's much more than a safe. It's a 24 hour on duty accountant”***

### **VersaSafe™ - Specifications**

• **Dimensions:** 28” h x 16” w x 22” d

• **Weight:** 385 lbs.

• **Security**

- Heavy duty 1/2”-steel vault construction - UL291 level 1 rated
- Electronic lock with time delay access

- Vault door switch alarm
- 5 bolt floor anchoring

• **Power:** Input 85-264VAC, 50/60Hz

## Cash Management Tracking and Reporting

### VersaSafe™ - Tracking and Reporting

With a color display, a simple interface and speech feedback, VersaSafe makes it easy for you to customize its functions to fit your business. It tracks and timestamps every transaction, increasing both effectiveness and efficiency. A high-capacity electronic journal even stores thousands of individual transactions and user histories for easy reference.

### VersaLink Software Pack:

- Speech engine for audio feedback of deposited bills
- Supports 10,000 individual users
- Supervisor-only access to management functions
- Electronic journal stores 32,000+ transactions
- Run reports: By user; End-of-shift; End-of-day

### Optional Features:

- Monitoring package
- Software customization available
- API for back office integration
- Locking bill acceptor cassettes
- Bulk note bill acceptors
- Cencon 2000 lock with audit trail
- Extended warranty

Since 1996, **CashTrans** has specialized in the deployment of cost efficient ATMs and have provided unparalleled processing services for independent financial institutions and small businesses.
